## *Principal's Message*

End Of Term - Term 3 is drawing to a close and I want to say thanks to everyone who helped make my stay here such a pleasant one. Jason will be back in the driver's seat next term.

I have had the opportunity recently, talking to new parents and other visitors, to give my opinion as to why this is such a great place to educate children. We could do with a few more enrolments, so if you get the chance to talk us up, please take it.

I think our mix of cultures is a marvellous positive, especially the way in which our students mix together playing and learning.

I think the size of the school is another plus because staff families and students can get to know each other, building those important relationships that have a positive effect on learning.

We also have a very good mix of staff, teachers, SSO's, Admin and Groundsman. There is a tremendous amount of experience and enthusiastic energy going into providing a safe school environment and challenging learning.

Governing Council members are working hard for the benefit of the school, whether by fund-raising or participation in setting direction and policy.

The focus on Community Development, really well led by Jo Skeates is one of the strongest, most practical I have seen. This program exemplifies what a fairly small community minded school can do. I can see this community in the yard before and after school with parents, uncles aunties brothers and sisters and grandparents bringing their children into school and picking them up. The yard, the friendliness of the students presents a really positive impression.

Thank you for accepting me into the school community in such a short space of time. – Rod S

Regards, *Rod*
